Internship Availability: June 2026 – December 2026 (Full-Time)

EDUCATION

SINGAPORE MANAGEMENT UNIVERSITY

Aug 2025 – Dec 2026

Master of IT in Business (Data Science and Analytics track)

Relevant Coursework: *Statistical Modelling, Visual Analytics, Query Processing, Spreadsheet Modelling, Machine Learning*

VELLORE INSTITUTE OF TECHNOLOGY – Chennai campus

Sept 2020 - May 2024

Bachelor of Technology in Electronics and Communication Engineering

EXPERIENCE

GANIT BUSINESS SOLUTIONS PVT. LTD. – Chennai, TN, India

Nov 2024 - Feb 2025

An AI and data analytics consulting firm

Data Analytics Intern

- Developed **Python-based analytical models** and **automated ETL workflows on AWS** for daily currency exchange rate analysis across APAC markets, reducing manual processing time by 40% and improving data accuracy for financial forecasting
- Built a **live Tableau dashboard** for real-time trend analysis and currency conversion, enabling stakeholders to visualize market shifts across 15+ APAC currencies and optimize trading strategies

ACADEMIC PROJECTS

Singapore Hospital Demand & Healthcare Cost Forecasting | *Spreadsheet Modelling, MS Excel*

- Building Excel-based **population growth projections** (2026-2035) to assess if Singapore's public healthcare system can sustainably manage hospital admissions and costs amid aging population
- Developing **admission forecasting models** and **cost projection scenarios** to evaluate financing/subsidy sustainability for healthcare operations planning
- Analyzing **capacity-demand gaps** and **financial implications** to provide data-driven recommendations for healthcare resource allocation

Colombian Fintech Customer Analytics Dashboard | *R, Shiny, Web Development*

- Developing **interactive Shiny app** analyzing fintech customer data with modules for variable comparison, demographic/transactional segmentation, product usage analysis, and satisfaction metrics
- Implementing city-level **clustering** of transaction behaviors using **k-means/hierarchical clustering** to identify regional customer patterns and business opportunities
- Creating data-driven insights for customer retention strategies, product personalization, and market expansion planning

Forecasting Bike Rental Demand in Seoul | *SAS Viya, Time-Series Modelling*

- Developed a **Negative Binomial Regression model** with **time-series components** to forecast bike rental demand based on temporal patterns (hour, day, season) and weather conditions (temperature, humidity, precipitation)
- Analyzed **subscriber behavior trends** across 8,760+ hourly observations to identify peak demand periods and seasonal fluctuations, achieving 85% prediction accuracy
- Generated **data-driven recommendations** to optimize bike-sharing operations, including rebalancing strategies during high-demand periods and weather-responsive deployment plans

Statistical Analysis of Obesity Risk Factors | *Python, Logistic Regression*

- Performed **data cleaning and EDA** using Python (pandas, NumPy, Matplotlib) on 2,111 demographic, lifestyle, and dietary records to identify patterns in obesity prevalence
- Built and evaluated a **logistic regression model** to predict obesity risk, achieving 71% accuracy, and interpreted feature importance to identify key risk factors (calorie intake, physical activity, family history)
- Delivered actionable insights through **data visualizations** (distribution plots, correlation heatmaps) to support public health intervention strategies

TECHNICAL SKILLS

- Programming and Data Analysis:** SQL, Excel (Pivot Tables, VLOOKUP), Python (pandas, NumPy, Matplotlib, scikit-learn), R (ggplot2, dplyr)
- Data Visualization and BI:** Tableau (dashboards, calculated fields, filters), Power BI, Matplotlib
- Statistical Modelling:** Regression, clustering, forecasting, hypothesis testing

LEADERSHIP AND COLLABORATION

UNDER25 VIT CHENNAI – Chennai, TN, India

Dec 2022 - Jun 2023

Content Team Head

- Led and managed a 5-member content team, overseeing content creation and curation across club initiatives, and producing high-quality, engaging, and mission-aligned content that reflected the club's voice and objectives.

technoVIT'22 VIT CHENNAI – Chennai, TN, India

Aug 2022 - Oct 2022

Magazine and Content Writing Committee Coordinator

- Directed a 16-member team in writing, editing, and designing content for two official event magazines, while collaborating with other committees to gather visuals, sponsorship details, and feedback.

ADDITIONAL

- **Certifications:** Google Data Analytics Professional Certificate, Google AI Essentials Certificate
- **Language Skills:** English (Fluent), French (Working Proficiency), Tamil, Hindi, Spanish
- **Volunteer work:** Newsletter & Digital Content Coordinator, Helping Hands Team Trust, Chennai
